109 - Timing of fajr prayer

the question

If the calender table indicates 4:45 a.m. as Ishraq till what time can Fajr be prayed?
Thank you

Detailed answer

Praise be to Allah.

If what is published in the calendar conforms to what is actually observed in reality, then the answer to your question is what was narrated by Abu Huraira in the hadith of the Prophet (peace be upon him): "Whoever catches a raka'a of the morning prayer before the sun rises has caught the prayer" (i.e. on time) (Bukhari).

It must be noted, however, that praying the five daily congregational prayers in the mosque is wajib (compulsory) for men.
